market

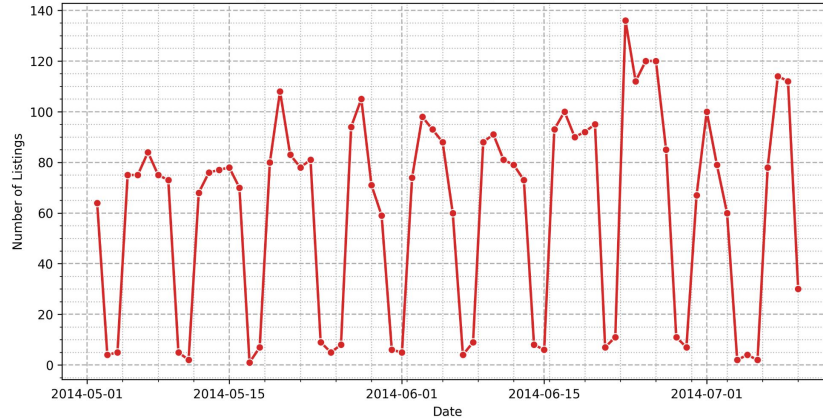

# Q: When is the best time to buy?

Suitable

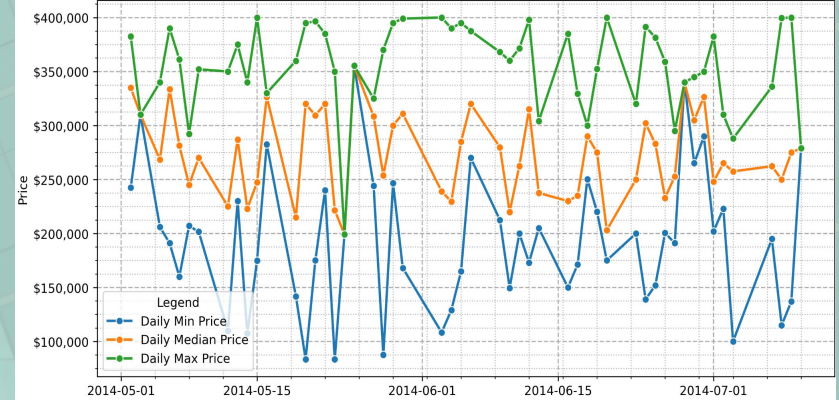

Daily Min, Median and Max Price of Properties <= 1 Mio. \$

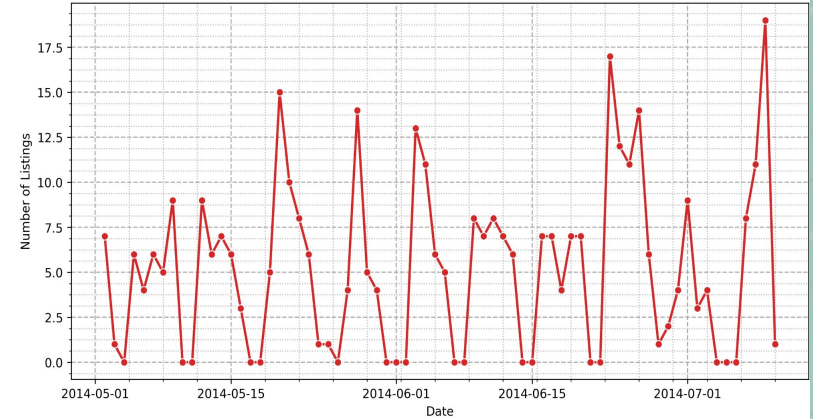

Daily Market Volume of Properties <= 1 Mio. \$

Daily Min, Median and Max Price of Suitable Properties

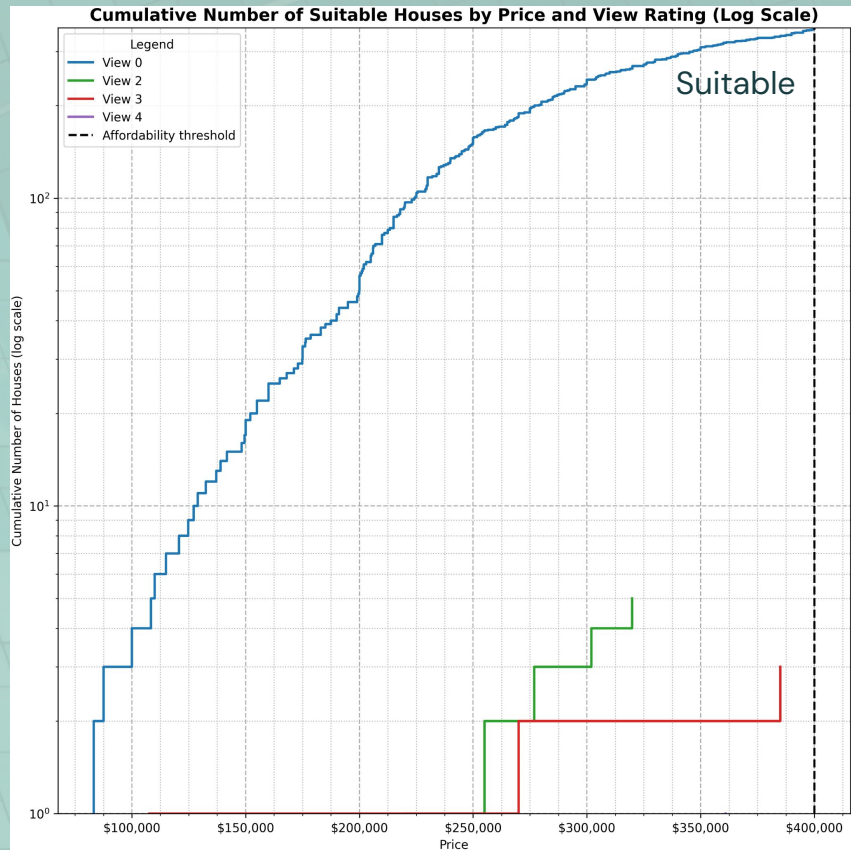

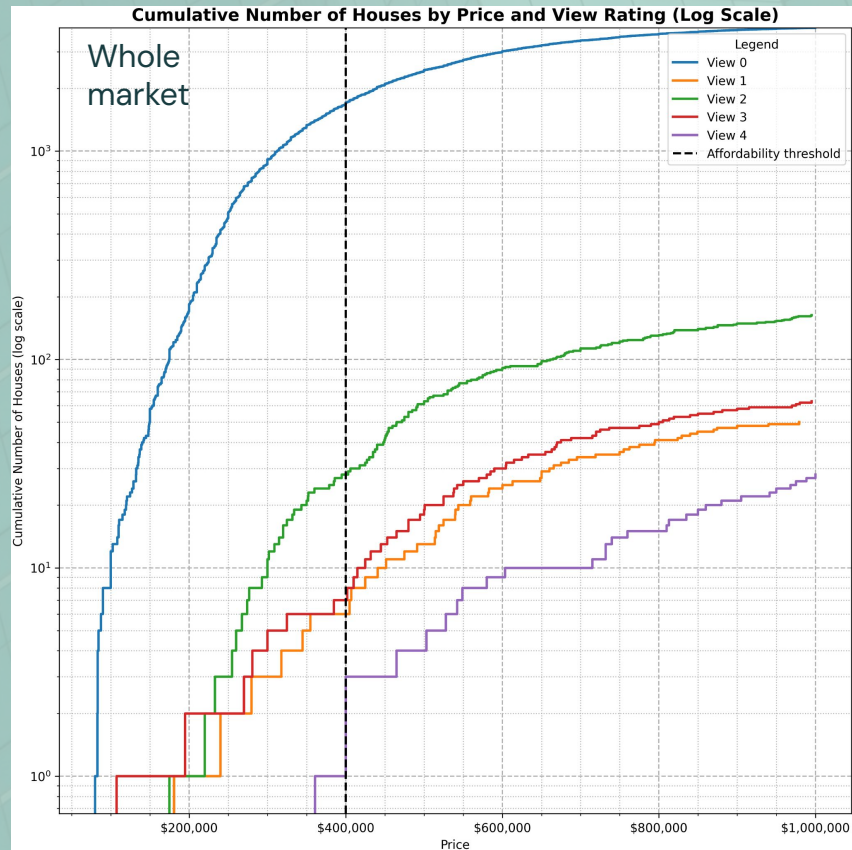

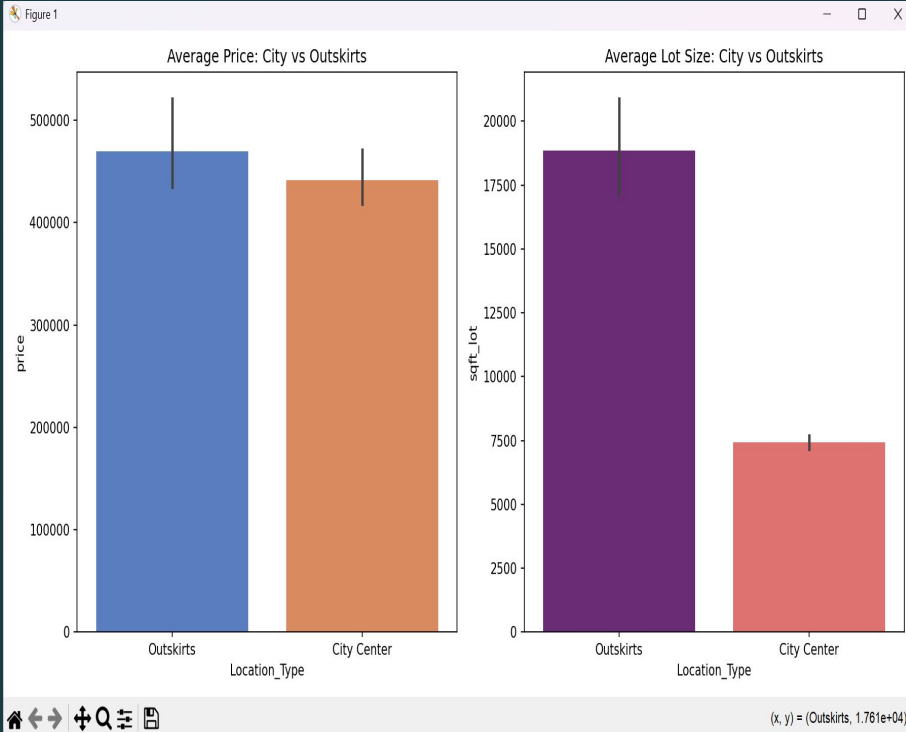

Daily Market Volume of Suitable Properties

# H: Homes with no view are significantly more affordable

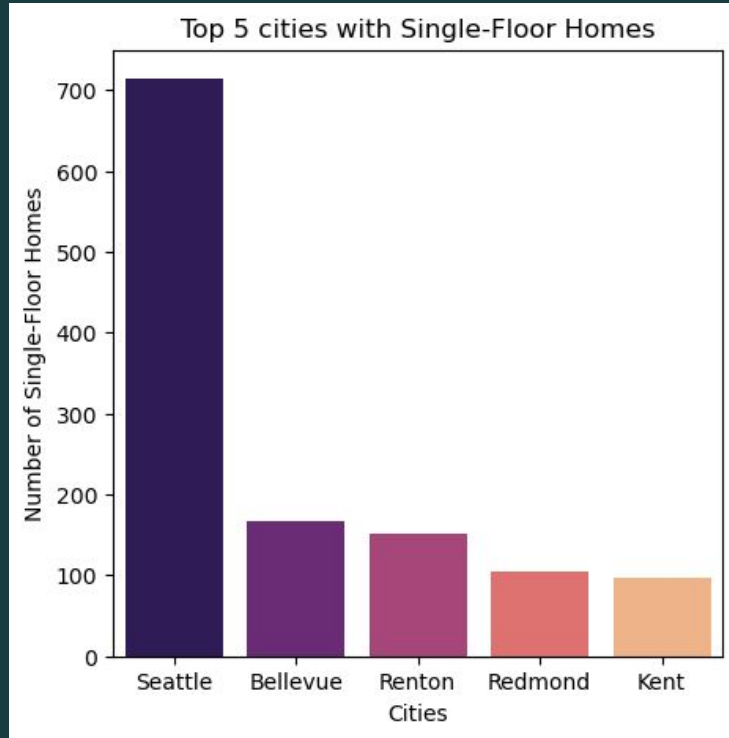

# Hypothesis

Outskirts zip codes have lower price and large lots, indicating quieter Neighborhood

These properties offer lots (over 7,000 sqft) for the lowest price bracket (\$200k–\$450k).

Larger lots are almost exclusively found in the lower-priced "Outskirts" zip codes

# Hypothesis

Single floor homes are cheaper and more prevalent in certain areas.

In parallel, market research indicates that, on average, the cost for:

- Single floor homes: \$395,000
- Multiple floor homes: \$548,400

There's a 39% increase in cost.

The Market

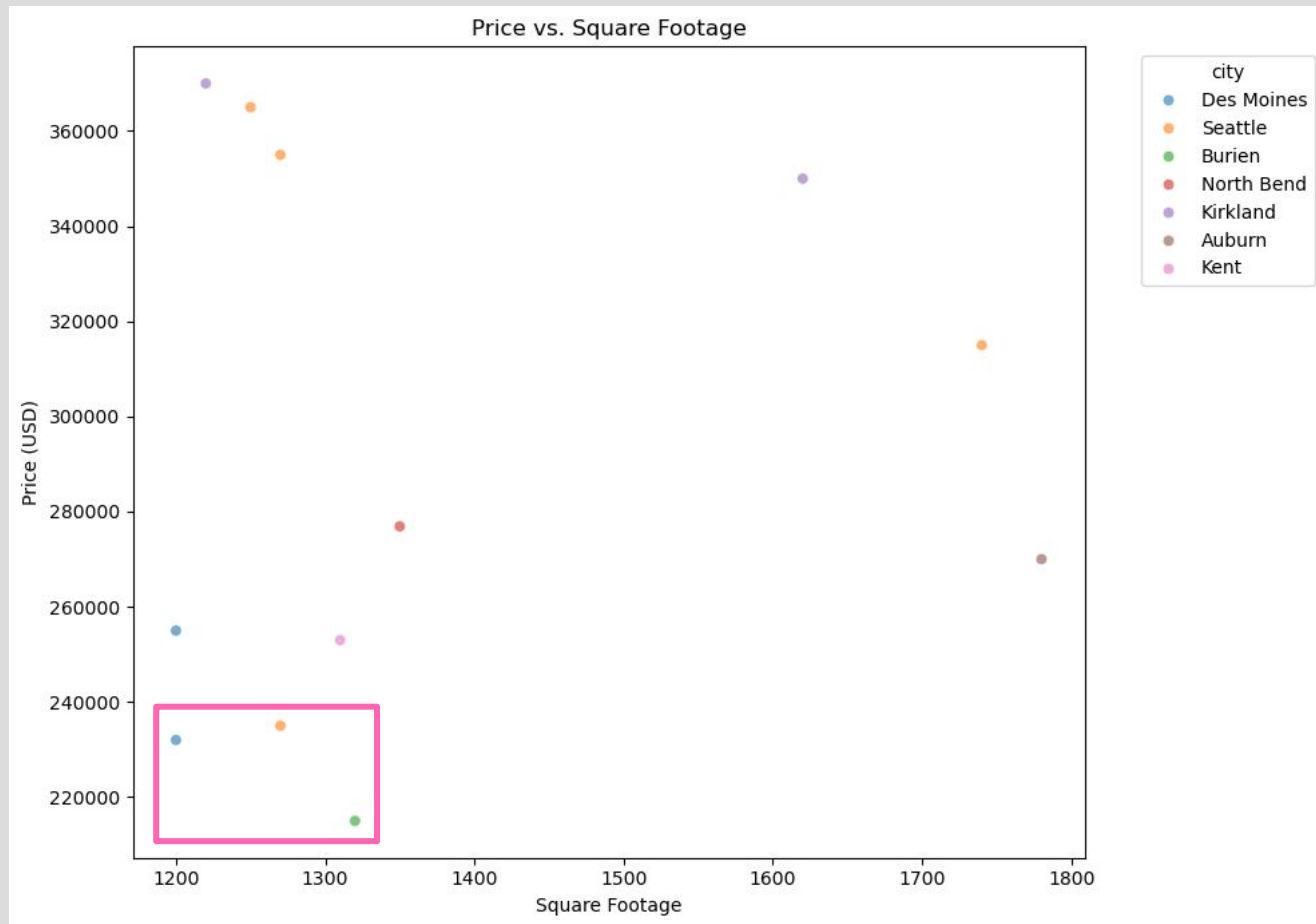

Single floor

200-400k

2 bedrooms

1 bathroom

Good condition

## 1. WHAT: The Ideal Retirement Choice

After analyzing thousands of listings, we have selected **ID - 349** as the premier choice for our clients. This property is a highly desirable mid-sized home offered at a strategic price point of **\$235,000**.

- **Layout:** 2 Bedrooms, 1 Bathroom.
- **Space:** 1,270 sqft of living space.
- **Quality:** Maintains a **condition score of 4**, indicating it is well-maintained and ready for move-in without immediate renovation needs."

## 2. WHY: Lifestyle Alignment

"This property is the best fit for Arthur and Martha because it prioritizes their health, safety, and tranquility:

- **Single-Floor Convenience:** Perfectly meeting their need for zero stairs, this home eliminates mobility concerns and fall risks for years to come.
- **Low-Maintenance Yard:** While our hypothesis showed that outskirts offer massive lots, this specific urban-border property offers a manageable yard.
- **Strategic Proximity to Healthcare:** Located in the south-city border, this property offers quick, 10-15 minute walk access to major medical centers, providing essential peace of mind for future medical needs.

## 3. WHEN: The Strategic Buy

Based on our seasonal EDA, the best time to finalize this purchase is **now**
